OF DOMESTIC ABUSE &
SEXUAL ASSAULT

ABUSE IGNORES AGE

Seniors may be abused by adults children, grandchildren, spouses, former spouses, intimate partners, other relatives or care givers. Often Seniors are most vulnerable to those who are supposed to keep them safe. Violence against older adults can occur in the home or in other residential settings.

MAKING IT STOP

Taking action to end abuse can be difficult. It is not uncommon to feel ashamed, guilty or confused. The older adult may worry about sending the abuser to jail especially if the abuser is your caregiver. There are options-let us help you.
